Dr. Heidi L. Nees

***Hamilton* Scavenger Hunt**

Items to find:

- One performance review on *Hamilton* (from a newspaper)
- 3 of the songs Miranda references in his footnotes (can be rap, R&B, musicals; just make sure you pull from at least two genres)
- A piece of Alexander Hamilton's writing
- A video about the musical (that we have not watched in class)

After finding these items, type a list of the sources (using MLA or Chicago Style format) and respond to the following questions:

- What new insights into the show did the performance review give you that the book has not provided?
- After listening to the 3 songs, does your new familiarity with the references enhance your experience with the soundtrack?
- After reading one of Hamilton's documents, in what ways has your perception of him changed?
- What new insights does the video provide?

Bring your findings back to class on Wed., 11/16.
